Could using a planner have a significant impact on my student?

"Having a planner gives students freedom to plan, organize and keep track of their work to the best of their abilities and requirements. This has a dual benefit in that it increases the student's accountability to the commitments planned as well as provides them with a structure that contributes to their success."

Healthy

When Students use a planner in the classroom it can:

Habits

- 1. **Improve Organization** (helping to reduce stress)*
- 2. **Track Achievements** (great for goal setting)*
- 3. **Enhance Student Responsibility** (commitments are written and not forgotten)*
- 4. **Promotes Communication** (parents can use planners as doors to talk about upcoming tests/projects and/or commitments)*
